

GLOBAL*i*[®]
theft deterrent

A vehicle is stolen every 7 minutes.

To fight back we have joined the GLOBAL*i*TM network of dealers across Canada. The GLOBAL*i*TM Vehicle Registry and Recovery Network unites dealers, law enforcement, and you in a shared resource to help prevent auto theft.

Why it Works:

- Thieves know that a GLOBAL*i*TM vehicle is a traceable vehicle. There is a direct link between the consumer, the dealer and law enforcement.
- Identified body parts make the vehicle harder to sell to chop shops and other parts resellers.
- In a profit fueled crime, it's cost-prohibitive for thieves to remove in excess of 1,000 microdots located on over 52 vehicle parts.

GLOBAL*i*TM Benefits:

- Simple, easy registration of your contact information on the GLOBAL*i*TM website – Vehicle Registry and Recovery Network.
- In the unlikely event your vehicle is stolen you are entitled to a full refund of the GLOBAL*i*TM program.*
